

The Chancellor PEGORARO Renzo

Father Renzo Pegoraro, diocesan priest and scientific director of the Lanza Foundation, was nominated by the Holy Father's Chancellor of the Pontifical Academy for Life. The nomination was published on Monday 12 September in the Vatican Press Room bulletin and is a motif for honor for the Diocese of Padua and recognition of the experience gained during the years by Don Pegoraro on ethics and bioethics, particularly within the Lanza Foundation, of which he remains scientific director.
