BIOGRAPHY

The art of prayer. The company of the Psalms in difficult times.

By Edizioni Terrasanta, Milan 2020

From the introduction: The whole life is in the psalms: from when we were still in our mother's womb, to birth, youth and old age. The psalms urge the believer to turn to the Lord to praise and thank him, to beg and call upon Him, to ask for forgiveness and help, or to claim justice and to ask for harsh repression of those who operate evil. Everything in the psalms is dialogue, confrontation, prayer: God and man speak to one another".
